Dispatches From Havana Sent Out by General Weyler.

FIXED TO HIS OWN LIKING.

Kidnapers to Be Garroted by Order of the Spanish General—A Hrush with the Insurgents in Which Over a Hundred Are Killed—American Citizens Sentenced to Prison—Other Cuban News.

HAVANA, Sept. 22.—On Wednesday three men described as "kidnapers" will be garroted. Their names are Manuel Rodriguez, Manuel Perez and Victor Santa Cruz. Francisco Boroz Cumbre, classed as a "rebel incendiary," will also be shot at Matanzas.

Volunteer troops to the number of 75 and 12 cavalrymen of the Reina battalion set out from the village of Calabazar, in Havana province, and at the farm of Lage they were attacked by 500 insurgents, under Castillo and Delgado. In repelling the attack the troops caused the insurgents a loss of 100. Spanish forces from Arroyo Narengo then reinforced the volunteers, compelling the insurgents to retreat. They left 11 killed on the field. The troops report that they suffered a loss of 31 killed and five wounded. It is reported that both of the insurgent leaders were wounded, Castillo seriously and Delgado slightly.

The director of the Conservatory of Music, Hubert Black, and an American planter, Alfredo Hernandez, have been expelled from Cuba, and will shortly leave this city for Key West.

Further particulars regarding the attack made upon Mayari, Santiago de Cuba, on Sept. 5, show that the insurgents numbered 2,000 men under Ferrer, Vega, Stort and Nieves. The fighting lasted three hours and the insurgents lost over 60 men.

A detachment of gendarmes while skirmishing in Matanzas, has wounded and captured the insurgent colonel, Bienvenido Sanchez.

A dispatch from Cardenas, Matanzas, says that Francisco Tolon, brother of Samuel T. Tolon, the American citizen who was arrested recently on board the Ward line steamship Seneca at this port, and a man named Jose Lago Leal were sent yesterday to the Zaffarin islands penal settlement off the coast of Morocco, with Gonzalez Sanusa, Alfredo Zayas, Adolpho Diaz, Ygnacio Lamas, Miguel Gonzalez, Pedro Becure and Francisco Alday.

Jose Satz Medina, a lawyer, has been arrested here on a political charge.

The steamer Saturnini has arrived here from Spain with reinforcements of 74 officers and 2,100 men, and the steamship Puerto Rico, also from Spain, has reached this port with reinforcements, consisting of seven officers and 600 soldiers.

FIGHTING DIPHTHERIA.

Extreme Measures Are Necessary and Schools Have Been Closed.

CHILLICOTHE, O., Sept. 22.—The board of health has ordered the public schools in the western and southern districts closed until further notice on account of the alarming spread of diphtheria, since new cases of which have developed since Saturday. All the houses where cases have developed have been strictly quarantined and a number of patrolmen are guarding them.

The Sunday schools of the city were all closed Sunday and will remain closed until the diphtheria epidemic abates. All public gatherings where children are admitted have been strictly prohibited and the meetings of the Salvation Army, which attract people from the infected districts, will be ordered discontinued. The present situation gives cause for the gravest alarm.

Died Standing Up.

LOUISVILLE, Sept. 22.—Joseph Duve-neck, for years manager of the shoe department of the Mammoth shoe and clothing store, died of apoplexy standing up Monday morning in Abe Roberts' saloon, at Sixth and Green streets. He had been out with a party of friends all night and had engaged in several fights. They excited him very much, and this, his friends think, brought on the stroke which carried him off. He weighed 340 pounds.

Corbett and Sharkey Will Meet.

SAN FRANCISCO, Sept. 22.—Thomas Sharkey and James J. Corbett are to fight 10 rounds in this city for a purse of \$12,000. Yesterday afternoon the board of supervisors granted a permit to the Eureka Athletic club to give an athletic exhibition on Thanksgiving evening in this city. It was announced that the principals in the contest would be Sharkey and Corbett. The battle will be fought in the Mechanics pavilion.

Two Traveling Men Murdered.

SILVER SPRING, Ark., Sept. 22.—Two men traveling in a wagon from Oakes, I. T., to this place have been murdered just over the state line. Their wagon and mules were found, but the bodies have not been recovered. The citizens are searching for three desperadoes who are believed to be the murderers. From a letter found in the wagon, one of the victims is believed to be Arthur Green of Lansing, Kan.

DAYTON, O., Sept. 22.—October 7 the Ohio State Bankers' association will meet in this city. This organization is one of the strongest in the state. The program includes an address by Comptroller Eckels and another by Governor Bushnell. Officers for the ensuing year will be elected, and the meeting will wind up with an immense banquet.

DONGOLA'S DOWNFALL.

Further Details of the British Expedition Up the Nile.

EL HAFIR-ON-THE-NILE, Sept. 22.—The following official details of the capture of Dongola, the dervish stronghold, have been obtained. The gunboats engaged in the capture of Dongola were the Tamai, commanded by Ringmont, after Naval Commander Colville was wounded; Aboules, commanded by Beatty, and Matemmeh, commanded by Oldfield. They arrived here late in the afternoon. Commander Beatty, who assumed command at three guns, reports as follows:

"We arrived at Dongola early in the morning and made fast to the east bank. By this time Colville was able to resume command, and the operations against Dongola began with bombarding it at 300 yards range. We immediately perceived that Dongola was not defended, and a force was landed, which captured a quantity of treasure, all the dervish books and also seven grain-laden boats.

"I was now able to see the effect of the dervish fire on the gunboats. The Matemmeh was struck by one shell which injured her gun-fittings and her boiler, breaking the safety valve. The dervishes' rifle fire was essentially good. The wooden parts of the upper decks were simply riddled and the sides of all the gunboats showed hundreds of hits."

Beatty received a bullet through his helmet and Armorer Richardson was wounded in the body. He has since died.

On board the Tamai five men were wounded, on the Aboules six men were wounded and one man was wounded on the Matemmeh.

Commander Colville is recovering rapidly.

At the time Wad Bishara was wounded he had just received a letter from the Khalifa, and ordered out of his tent everybody except the messenger who had brought it and two blacks. Shortly afterward a shot from one of the gunboats burst in, killing the messenger and the two blacks and wounding the dervish leader in the chest and head.

The main body of Anglo-Egyptians under Sir Herbert Kitchener, started for Dongola on Monday night.

It is reported that Wad Bishara, the commander of the dervish forces, has reached the vicinity of Dongola on his retreat from this place, and is preparing to oppose the Egyptian advance.

Wad Bishara's wounds are severe but not mortal.

The dervish troops are deserting in large numbers to the Egyptians.

Queen Victoria has telegraphed her congratulations to Sir Herbert Kitchener, the savior of the expedition.

Major Jackson's battalion has found in the desert an enormous quantity of ammunition, including a number of boxes of Nordenfeldt ammunition, which are known to have belonged to Hicks Pasha's ill-fated force, which was annihilated in the interior of the Soudan in the former war with the Mahdi.

Why They Fought So Poor.

LONDON, Sept. 22.—The Daily News correspondent at El Hafir says: "Eight of Hicks Pasha's Egyptian gunners who served the dervish guns in Saturday's engagement have deserted. They say that the Baggaras stood over them with swords and threatened to kill them if they shot badly. But, unnoticed by the Baggaras, they omitted to use the fuses. This deception doubtless saved the gunboat Aboules from being blown into the air."

Dongola Recaptured.

LONDON, Sept. 22.—The Standard's El Hafir dispatch says that Wad Bishara has recaptured Dongola.

A Rome dispatch to The Standard says that in consequence of the occupation of Dongola (by Wad Bishara) the governor of Massowah has ordered the garrison at Kassala to be reinforced.

ANOTHER WHITE CAP OUTRAGE.

A Suspected Informant Dragged From His Buggy and Whipped.

TOLEDO, Sept. 22.—Newspaper reporters have just returned from an investigation of the reported White Cap outrage near Holland, 12 miles west of this city. They visited the residence of Huntsman, who was reported to have been White Capped. The house is a frightful wreck and the family of four have fled from the neighborhood. The floors and walls of the house are spattered with blood in great quantities and evidences of a fearful struggle are apparent.

Huntsman was regarded as a bad man, and had been suspected of much mischief in the neighborhood. His boy took a man's pocketbook, containing \$80, in the Holland postoffice, and carried it home to his father. He was followed home by the owner of the purse. Father and son denied all knowledge of it, although the boy subsequently admitted the theft.

The next night the family was whipped nearly to death, and chased into the woods with orders to leave the country at once. The man and boy were badly injured. Where they have gone no one knows.

Sunday night a man named Peters was stopped, bound home from Toledo, and accused of having been to Toledo and told the story to the sheriff. He denied the charge, but was pulled from his buggy and unmercifully whipped. Sheriff Tnal and deputies are making an investigation.

ELWOOD, Ind., Sept. 22.—The Superior radiator factory has resumed operations with 200 hands, and the McBeth lamp chimney factory will add 300 men on Wednesday. The tinplate factory started 11 hot mills yesterday. The industrial outlook is much improved.

SIX HUNDRED KILLED

Extent of the Recent Massacres in Turkey.

MORE MASSACRES ARE FEARED.

Italy, the United States and Great Britain Will Act Together to Depose the Sultan if Reforms Are Not Immediately Made. Sultan's Guards Disloyal—Armenians Driven From the Country.

CONSTANTINOPLE, Sept. 22.—The porte has received an official report, stating that 600 persons were killed in the recent disturbances at Eguin, in the Diabekir district of Armenia. The Kurds attacked the Armenian quarter of the town, pillaged and burned the houses and killed as many of the inhabitants as they could find. Numbers of the Armenians succeeded in making their escape to the mountains.

The town of Eguin purchased immunity from invasion by the Kurds in 1895, and the people were not molested at that time, though massacres occurred on all sides.

The report says it is feared that massacres will soon take place in other districts of Anatolia.

ENFORCING REFORMS.

The Sultan Must Act at Once or He Will Be Deposed.

LONDON, Sept. 22.—The St. James Gazette publishes a dispatch from Milan, Italy, stating that The Secolo of that city says that when the Italian flying squadron reaches the Levant, a demand will be made upon the Turkish government for immediate reforms in Armenia, and that this demand will be supported by the United States and Great Britain.

The Milan journal also states that if Abdul Hamid refuses to accede to the request, he will be deposed.

Sultan's Guards Disloyal.

LONDON, Sept. 22.—The Constantinople correspondent of the Chronicle telegraphs that the Yildiz Kiosk, the residence of the sultan, is surrounded by his majesty's own troops. Many of these have become notoriously disloyal since the sultan introduced into Constantinople the Hamidieh cavalry, which is composed of notorious Kurdish thieves and assassins.

Armenians Driven Out.

MARSEILLES, Sept. 22.—The Armenians who made the raid on the Imperial Ottoman bank and who were subsequently sent to this city, where they were placed under arrest, have been released. Two of their leaders have, however, been sent to Geneva and 15 others have been placed on a steamer bound for Buenos Ayres.

Fresh Massacres Reported.

LONDON, Sept. 22.—The Daily News publishes a dispatch from Constantinople saying that the American legation in that city has received news from one of the American consulates that a fresh massacre, in which a large number of Christians were killed, has taken place at Elhin, in the vilayet of Karpoot.

NO MAIL FOR BUCKET SHOPS.

Use of the Postoffice by Chicago Operators Is Prohibited.

WASHINGTON, Sept. 22.—The post-office department has issued an order prohibiting the use of the mails to the bucket shop operators of Chicago. The order was issued on the report of an inspector, who says that nearly all the persons named have been indicted by the grand jury in Chicago.

There are about 60 firms and persons against whom the order has been issued. The postoffice inspector cites one instance of an inmate of the soldiers' home, at Quincy, who sent \$200, all he had, to one of the concerns and lost it. The operator said it was invested and lost in sugar.

Duel in Mexico.

CAMARCO, Mex., Sept. 22.—Jose Maria Gutierrez and Luis Mendoza, two young men belonging to the wealthiest and most highly respected families of this city, became involved in a quarrel over some unknown cause, and a duel was decided upon. They met according to agreement in the outskirts of the city and Mendoza killed his adversary at the first shot. Mendoza was so shocked at the tragedy that he placed a pistol to his own temple and fired, killing himself instantly.

Scott Jackson's Case Set.

FRANKFORT, Ky., Sept. 22.—Colonel L. J. Crawford, leading counsel for Scott Jackson, came over from Newport yesterday and filed his brief in the case with Clerk Addams of the court of appeals. The court convened yesterday in regular fall term, and Colonel Crawford was present with the big crowd of visiting lawyers. The Jackson case was set for argument Oct. 1.

Taunted to It.

ASPEN, Colo., Sept. 22.—Antonio Cuaze, a young Swiss, living on a ranch 12 miles from this city, has shot and killed his wife and her mother, Mrs. Mary Quinn. Cuaze was arrested. He says that the insults and taunts of the women made him mad and that the shooting was entirely unpremeditated. He also claims his wife was unfaithful to him.

Fatally Crushed.

TIFFIN, O., Sept. 22.—A runaway team ran over Howard Gross yesterday and he is thought to be fatally injured.

JOHN BARDSEY SET FREE.

Pardon Granted The Ex-City Treasurer of Philadelphia.

HARRISBURG, Sept. 22.—Governor Hastings last night signed a pardon for John Bardsley, former city treasurer of Philadelphia, who, on July 2, 1891, was sentenced to 15 years in the eastern penitentiary for misappropriating over a half million dollars of city and state moneys, while occupying his official position. The governor gives no reason for his action, although it is thought his decision was hastened by the fact that Bardsley was stricken with paralysis of the left side on Thursday last.

The financial panic of the summer of 1891, which wrought Bardsley's downfall, was one of the worst this city has ever suffered. It began with the sudden collapse of the Keystone bank and the flight of its president, Gideon W. Marsh, who is still a fugitive from justice. The Spring Garden bank was the next to close its doors, and the Kennedy brothers, its president and cashier, were sent to prison for 10 years. Cashier Lawrence of the Keystone was given seven years, and was pardoned about two months ago by President Cleveland. In those two banks Bardsley had deposited hundreds of thousands of state and city funds under an arrangement by which, it was charged, he and the officers named reaped personal profit. Unfortunate stock speculations primarily caused Bardsley's ruin, although it has been repeatedly urged that he was little more than a scapegoat for worse sinners.

He resigned from his office on May 21, 1891, and the financial crash followed. The Bradford Mills company, a big concern of which he was an officer, went to the wall, the two banks went with it and so did a large number of smaller institutions.

Bardsley was promptly arrested, with the others of those involved who could be caught, and on July 2 the sentence was imposed.

An examination by a committee selected from both branches of councils finally succeeded in straightening out, so far as was possible, the tangled skein resulting from the speculations.

The agitation for Bardsley's pardon has been going on for a considerable time at the instigation of prominent citizens who believed that Bardsley was more sinned against than sinning. The principal plea presented in favor of the pardon was that of the prisoner's failing health, and there was abundant medical testimony brought before the board of pardons to prove that he is practically in a state of collapse, and if continued in confinement could live but a brief time. The board recommended the granting of the pardon about two weeks ago.

OFF TO PRISON.

Coffin, the Indianapolis Bank Wrecker, Surrenders Himself.

INDIANAPOLIS, Sept. 22.—Francis Coffin, who was convicted a year ago of complicity in the wrecking of the Indianapolis National bank, but who has been out on bond pending an appeal to the supreme court that proved vain, arrived here from the east early yesterday morning and surrendered himself to Marshal Hawkins. He was hustled away to the northern prison at Michigan City at 9 o'clock, to serve his sentence of eight years.

There had been some speculation as to whether Coffin would appear, and his long-continued absence caused much comment. Yesterday was the day appointed for his appearance. Coffin is very downcast.

On the first trial he was given 10 years and was taken to prison. He wore the stripes two hours, when he was released for a new trial. After his second continuance his friends made a vain appeal to President Cleveland for a pardon.

PECULIAR DOCUMENT.

The Emperor of China's Letter Presented to the President by Li Hung Chang.

WASHINGTON, Sept. 22.—The personal letter from the Emperor of China to President Cleveland which formed the credentials of Li Hung Chang has been placed on exhibition in the library of the department of state.

The letter is written on a scroll of lemon colored parchment paper about five feet in length by a foot and one-half in width, a portion being in ancient Chinese and part in modern Chinese with the royal red seal and emperor's autograph in the center. The envelope is unique, being a great space of yellow satin embroidered in gold and silver and with exquisite workmanship with five large Chinese double dragons conveniently arranged.

Treasury Statement.

WASHINGTON, Sept. 22.—The treasury yesterday lost \$66,000 in gold coin, which leaves the true amount of the gold reserve \$116,179,388. The subtreasury at New York reports the deposit of \$1,692,000 in gold coin in exchange for currency. This makes \$4,692,000 in gold recently deposited, but not counted in this statement, which when taken up in the treasury accounts will bring the reserve up to about \$120,870,000.

Disappearance of a Farmer's Wife.

LAPORTE, Ind., Sept. 22.—Great excitement prevails at Otis, this county, over the mysterious disappearance of Mrs. John Sparling, the wife of a farmer living near there, who has been missing since Sept. 1. Mr. Sparling can offer no reason for his wife's continued absence. Their domestic relations were harmonious. The authorities will make immediate investigation.

Farmer's Loss.

SPENCERVILLE, O., Sept. 22.—The large barn of A. J. Stage was destroyed by fire. Loss, \$2,000.

Colorado Strikers Make a Final Demonstration.

LEADVILLE PEOPLE IN A PANIC.

Five Men Dead and Half a Dozen Others Dying—The Coronado Mine Shaft Burned Out—Firemen and Police Held at Bay—A Very Uneasy Feeling Prevails Notwithstanding the Strong Guard.

LEADVILLE, Colo., Sept. 22.—Driven to desperation by starvation, Leadville's locked-out miners, who have been threatening the peace for two months, attacked the Coronado mine with dynamite and guns at 1 o'clock yesterday morning, arousing the city and throwing its inhabitants into a panic. Heavy explosions aroused sleepers in the eastern part of the city at the hour named.

Special police were guarding the mine from behind barricades. The explosions were followed by many rifle shots. The shooting lasted about 10 minutes. A telephone message received from the mine after the first explosions stated that nobody inside the barricade had been hurt.

Another explosion, presumably of dynamite, was heard after the break occurred in the telephone connection, which was followed by a bright blaze in the vicinity of the mine. The fire department and local utility companies were hastily summoned and hurried to the assistance of the besieged miners. They found the works at the mine in a blaze, and when they attempted to turn on the water to fight the flames they were ordered to desist by the attacking party. Finally they succeeded in getting a connection with other hydrants and getting a stream on the flames.

Hardly had this occurred, when a series of explosions were heard in the direction of the Emmet and Marian mines. Fireman O'Keefe, at the Coronado mine, was fatally shot while attempting to turn on the water, and two other men, Bert Miller and James Benson, received fatal injuries.

The fatally injured are: Jerry O'Keefe, Higgins, Frank Tellis, Martin Scott and John Mahoney.

At the request of Sheriff Newman Governor McIntyre ordered out the entire militia force of the state to quiet the riot.

It is charged that the lawlessness was due to a mob of strikers, principally from the Coeur d'Alene, who have long been breeding trouble in Leadville, and who, seeing that the strike was nearing an end, were determined to make a final stroke. This assertion is largely made by the peaceable miners of the camp.

The miners were organized recently by the Western Federation of Miners, and almost every mineworker was in the union when their demands were made. The miners ask \$3 a day for all classes of workmen, including surface and underground men. The employers declared that they were willing to continue paying the wages which had prevailed in Leadville to that time. Under that scale surface workers were paid only \$2.50, and practically the only change the union proposes is the advance of the wages of this class of men to \$3. The mineowners have refused to listen to any proposition. They insist the governor, the courts and the newspapers are with the miners, and it would be impossible for them to manage their own property if they made any concessions.

A largely attended meeting of representative citizens was held yesterday afternoon. Their proceedings were secret, but it is understood stringent measures were decided upon. Two companies of state militia from Pueblo and Cripple Creek arrived at 4:50 in the afternoon and are now on duty.

The damage at the Coronado by the burning of the oil tanks, boiler house and machinery is now estimated at \$25,000, on which is \$12,500 insurance. The houses burned were valued at \$3,000, with no insurance.

Despite the presence of troops and the unusual quietness of the streets there is a very uneasy feeling prevalent, it being asserted that there are 500 Winchester rifles in the hands of the strikers, whose repeated threats against the military are recalled with alarm. It is the general belief, however, that there will be no further trouble unless the managers begin importing miners.

SOUTH AFRICAN AFFAIRS.

Colonel Baden-Powell Arrested Pending an Investigation Into His Acts.

BULWAYO, Sept. 22.—Lord Rosmead, the high commissioner for South Africa, has ordered the arrest of Colonel Baden-Powell, pending an inquiry, for having confirmed the execution of the Matabel chief, Makoni. Makoni was captured by Major Watts, tried by a drum-head courtmartial, and shot within 24 hours without waiting for the confirmation of the sentence by the high commissioner. Major Watts was subsequently placed under arrest.

Another incident has been held with Sir Frederick Carrington, commander-in-chief of the imperial forces in South Africa, and Cecil Rhodes by the Matopopo chiefs. The chiefs have agreed to quit the Matopopo hills and settle in the open country. Mr. Rhodes promised to assist them with seed corn.

Engineer Sweetman Laid to Rest.

DAYTON, O., Sept. 22.—The funeral of Chris L. Sweetman, the brave engineer who met his death in the collision near Connersville, Ind., was by far the largest ever seen in this city. It was led by a military band, followed by the full membership of four orders with which the deceased was connected.

INDICATIONS.

Light local showers, followed by fair weather; light to fresh north winds; cooler Tuesday night.

The workingmen in McKinley's own district have endorsed the free silver candidate, Gen. J. R. Sherwood, for Congress.

The McKinleyites and McKinleyerats down at Louisville must be getting desperate. They are actually hiring newsboys to yell for the Ohioan. Well, the boys can't vote, and their yelling won't amount to anything.

EDITOR ALLEN, of the Cynthia Democrat, was one of the party to accompany Hon. William Jennings Bryan to Maysville last week. He says:

"Bryan is entitled to be called the Great Commoner. His sympathies are with the common people, and the courtesy and cheerfulness with which he greeted all alike was the subject of comment. There is nothing showy or gaudy about him. He is a plain man of the people, and the people will stand by him."

EVIDENTLY a deal has been arranged between some of the Republican leaders of the Lexington district and Willie Breckinridge. The announcement of Judge Denny for Congress, however, has "discombobulated" the crowd and they are "cussing" Denny for all that's out. Breckinridge seems willing to ally himself to any set in order to get back to Congress. What the Democrats up there will do to Willie in November will be a plenty.

SPEAKING of Hon. W. A. Byron's conversion to the cause of Bryan and free coinage, the Brooksville Review in last week's issue says:

The action of Mr. Byron fell like a bomb on the Republicans, as it had only been a few days since, at a meeting of the county committee, he was appointed to procure speakers for the Republican day at the Germantown fair. He handed in his resignation as a member of that committee on Monday.

In his speech here, Mr. Byron said this was not a contest between Republicans and Democrats, but the masses against the classes, and for this reason he would follow his honest convictions and vote for William Jennings Bryan. The applause greeting this utterance lasted many minutes. He added that McKinley and other great Republican leaders had made him a free silverite, and in following Bryan he was only doing what his party heretofore had taught him was right.

McKINLEY SOPHISTRY.

In his speech to the farmers of Knox County, Ohio, Major McKinley dwelt on the increase of imports to show that the people of this country are buying goods abroad. The articles he referred to particularly were wool and hay.

"It has been demonstrated by the manufacturers, time and again," says the St. Louis Republic "that the imported wools do not come in competition with the domestic wools, but must be mixed with the domestics for the manufacture of carpets and other articles, and in reality enlarge the market for home wools.

"It is hardly necessary to point out the absurdity of Major McKinley's argument that an increase of imports is an evidence of loss to the nation importing them. Such chaff has long been winnowed out of intelligent minds. It is equivalent to saying that a man who has increased his store of wealth by trading what he did not want for what was of value to him has lost money.

"But why did not Major McKinley take up the question of imports under the Wilson law as compared with exports under the McKinley law? Exports offer a direct test of the influence of the tariff on the market for American goods.

"Under the McKinley law the exports of American manufactured articles ranged from \$151,000,000 to \$158,000,000. But under the (Wilson) law which McKinley denounces as a destroyer of business the exports of these articles have risen to \$228,000,000. In other words, the American manufacturers have sold abroad under the present tariff law about \$70,000,000, or 25 per cent., more than they did under the McKinley law.

"Does not this great increase of sales of American goods represent so much increase of opportunities for remunerative labor to American workingmen which were not enjoyed under the trade killing influence of McKinleyism?"

A VETERAN REPUBLICAN.

He Has Renounced McKinleyism and Is Speaking For Bryan and Free Coinage.

[Enquirer.]

It is a significant indication of a decided change in the sentiments of the people on political questions when such men as Ireel Williams, the veteran lawyer of the Butler County bar, who has been a Republican ever since the formation of the party, desert the organization and in-dorse the Chicago platform.

Mr. Williams was for years the law partner of Judge Hume, of Hamilton, and was noted for his extreme partisanship as a Republican. But now he is a pronounced free silver advocate. He is making speeches for Bryan and the Democratic ticket all through Butler County, and is doing effective work for the cause.

The farmers and others who have known him for years as a man of integrity and honesty, have been convinced of his sincerity, and many who have heretofore intended to vote for McKinley now announce their intention to vote for Bryan.

It would not be a great surprise if Butler County would roll up a majority of 4,000 in November for Bryan and Sewall, as a great many conversions of Republican farmers to the free silver cause have been reported.

Healthy, happy children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of women is utterly incurable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect. By its use, thousands of weak women have been made strong and healthy—have been made the mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and almost painless and insures the well being of both mother and child. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 108 page "Common Sense Medical Adviser," profusely illustrated.

with severe pain across my shoulders, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back, and after the grip. I gladly recommend this grand blood medicine."

GENERAL BUCKNER'S COMRADES.

They Tell Why They Can Not Vote For Him in the Present Race—Palmer's Order Recalled.

Mr. STERLING, Ky., September 18.—The following open letter to General Simon Bolivar Buckner was made public to-day:

Dear General: The undersigned old soldiers of a lost cause and voters of Bath County, Kentucky, have felt a justifiable pride in your political career in the past, and some of us had hoped to see you elected to a seat in the United States Senate or any other position to which you might have aspired. Your firm and manly execution of the duties devolving upon you while Governor of Kentucky caused us to gladly proclaim that you were the right man in the right place and that you have made to us one of the best Governors that ever ruled over our great State. In fact, we were proud of our old comrade.

You have lately been nominated for the Vice Presidency upon a platform wholly at variance with the views of Jefferson, Jackson, Hamilton and other leaders and patriarchs of the Democratic party inasmuch as it denounces the doctrine of states' rights and true bimetalism and erroneously declares a single gold standard to be the long established principle of our party and advocates national banks and other heresies, and while it condemns Albigensism and Tillmanism (whatever they may be or represent) is entirely silent as to Breckinridgeism. In fact, that man in your State convention for delegate at large received 105 more votes than our beloved ex-Governor, and nearly three times as many votes as our peerless Colonel Jay H. Northrup, whose public and private character, as well as your own, is without stain.

There is the further fact that your running mate who heads the ticket, General John M. Palmer, did, in 1865, while in the full pride and pomp of military power, in Kentucky, issue an order disfranchising not only you and us, but also depriving our fathers, brothers and friends, who through affection and friendship gave us food and clothes when we were hungry and naked, of the right to vote or go near the polls on election days, under penalty of arrest and trial by military authority, notwithstanding many of them were strong Union men. And this order enforced by soldiers at the polls in times of profound peace and months after our arms were surrendered, caused in our county the defeat of Hon. D. B. Lacy for the Legislature, and the defeat of the present Secretary of the Treasury, Hon. John G. Carlisle, for the State Senate from the county of Kenton, and the defeat of Colonel J. Smith Hurt for Congress in this district, and many others that we do not now recall. And our Legislature declaring that no legal election had been held in these counties, remanded the contestants back to the counties, which resulted in the election by the people of all those who were defeated by your leader's orders backed by soldiers at the polls.

We, for these reasons, decline to aid you, either in your present inordinate desire for office, or in your inexcusable and selfish attempt to defeat the regularly selected champions of the people's cause, and we believe that when you were led up into the mountain at Indianapolis, and tempted of the devil, you should have said: "Get thee hence, Satan!"

Wishing you full protection to your property, and success when in a better cause, we remain, yours in remembrance of the past,

A. W. BACON, And thirty other ex-Confederate soldiers.

TRIED THE CHECK RACKET.

But It Didn't Go, and He Is Now In Jail.
Thomas Harvey Is the Name He Gives.

Last evening a young man called at White, Judd & Co.'s store and wanted to buy some furniture. When he asked Mr. White to take a check in payment, and give him the difference in cash, Mr. W. told him "nixie."

Mr. White has been in business too long to be caught on that sort of a racket.

A little later the same individual called at the Red Corner, said he wanted to purchase some clothes and inquired if they would cash a check for him. Captain Martin replied that he would, but the Captain was simply laying the wires to land the fellow in jail, if the check didn't prove to be all o. k.

Mr. Check Worker then selected an \$18-suit of clothes, and tendered a check for \$38, on the Charleston National Bank of Charleston, W. Va., in payment. Captain Martin told him to be seated, and he would step down and wire the bank and make sure that all was right. The check was dated Charleston, W. Va., September 18th, 1896, was signed James T. Harrison and was payable to Thomas Harvey, and endorsed by Harvey. The individual who wanted it cashed claimed to be Mr. Harvey.

Mr. Harvey soon became rather nervous, and then asked where he could get a glass of beer. Before he could get away, Captain Martin returned with Chief Ort.

Mr. Harvey was searched and \$7.10 in cash, two old watches and a bunch of blank checks on the Fourth National Bank of Cincinnati were found. Mr. Harvey was questioned, and made so many contradictory statements that he was jailed on suspicion.

Chief Ort wired the bank at Charleston and the reply this morning from the Cashier, H. K. Prichard, was that the check was no good, and that he knew neither of the parties named in it.

Mr. Harvey will be given a hearing in the Police Court.

The check Harvey tried to cash was "No. 13." It has brought him lots of bad luck.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

Daughters of the American Revolution.

Mrs. Blatterman would be glad to have all the ladies of the city and the county who desire to become Daughters of the American Revolution to meet with her at No. 15 West Fourth street on Friday afternoon, September 25th, at 3 o'clock. She wishes to send to Washington City all the application papers as soon as possible, for examination, so that she may know if a chapter can be formed here.

Hay Wagon.

Last evening about 7 o'clock a party of young ladies and gentlemen of this city made the trip to Lewisburg in a "hay wagon." The evening was an ideal one for the occasion and all were delighted. On returning home the party repaired to Diener's Cafe where a delicious lunch had been prepared for them.

THE marriage of Mr. Mark A. Donovan, of Winchester, and Miss Katherine L. Daniels, of this city, is announced to take place at the Catholic Church on Wednesday, October 14, at 8:15 o'clock a. m. No invitations will be issued, but friends of the contracting parties are invited to be present.

LAWYER BLANTON, of Cynthiana, has been a strong gold man, but he has come out for Bryan and says Harrison County will give Bryan and Thomas, for Congress, over 1,200 majority. "There are possibly 120 gold bolters in the county and they will divide about equally between McKinley and the third ticket," says Mr. Blanton.

JUDGE QUINCY A. WARD was a delegate from the Paris Church to the Presbytery at Washington last week. While there he found the grave of John Colter at the old cemetery, who was a relative of his, and who was buried in the last century. The Judge's grandmother used to live in Washington many years ago, and her name was Colter also. Judge Ward was the guest of Mrs. Susan Massie while at Washington.

MR. T. W. LAUGHLIN'S LOSS.

A Former Citizen of Mason County Has a Big Lot of Tobacco Destroyed by Fire.

Mr. T. W. Laughlin, formerly of this county, but now residing in Springfield, Ky., was unfortunate enough to meet with a heavy loss recently. A warehouse was burned Springfield on September 7th, with 70,000 pounds of tobacco and 180 bushels of orchard grass seed belonging to Mr. Laughlin.

His Mason County friends will be glad to learn, however, that his insurance, \$3,000, covers the largest portion of his loss.

The report that it was fired by a mob is without foundation, we learn. The house was situated on side of a railroad and may have caught from sparks from an engine.

FIRE INSURANCE.—Duley & Baldwin.

SHARPSBURG Word: "When Hon. La Rue Thomas was here, and while he was eating his dinner, a rooster perched himself just outside the dining-room door and kept up a continual crowing. The superstitious will see in this a sign of victory for Mr. Thomas."

COLONEL J. HAL WOODFORD, of North Middleton, Bourbon County, says: "I have been one of Colonel Breckinridge's warmest supporters, and would spend my time and money for him now, if he was on the right side, but he has no show on earth to go to Congress from our district as a gold bolter. Out of the 300 Democratic votes in the two precincts at Middleton I know, of my own personal knowledge, he will not get exceeding seven votes."

Mr. J. E. LYSTON, formerly of Minerva, but now of Washington Co., Ky., writes that the report of mob violence down there has been greatly exaggerated. He says: "There are people here who believe most of Kentucky people do, that we ought to have free turnpikes and they go about it in a quiet way. The time selected is when the inhabitants are in quiet slumber, or ought to be; then they take an ax and chop down the gates, set them a side, giving orders to the keeper not to collect any more toll, which orders have been complied with so far, and fully half the pikes have been thrown open in this way."

Mr. J. B. Orr, of East Third street, has a couple of pet rabbits, one of them coal black and the other white on the glossy coat of the other is a ring circling its neck. They have been burrowing under his neighbor's yard lately and Monday while Mr. Orr was closing up some of the holes in the ground he was surprised to find that his family of pets had increased. He unearthed two young rabbits, and his surprise was all the more to find them of a beautiful silver grey, entirely different in color from their parents. Mr. Orr is an enthusiastic silverite and takes this as a good omen for Bryan.

The Maysvilles Gave the Portsmouth a Coat of Whitewash Monday—Newton's Fine Work.

[Special to BULLETIN.]

PORTSMOUTH, O., Sept. 21, 1896.—The Maysville team gave the Portsmouth a nice clean coat of whitewash to-day, and rubbed it on the Ohio boys.

Sontheap Newton was in the box for the Kentuckians and pitched a great game. He was a complete puzzle to the Portsmouth batters, and they succeeded in hitting safely but three times.

The Maysvilles are in nice condition now and are playing fine ball.

The score to-day stood 4 to 0 in favor of the visitors.

Hits, Maysville 6, Portsmouth 3. Errors, Maysville 2, Portsmouth 3.

The Enquirer now says that McGann is one of the new recruits who is apt to remain in the big league. The Captain is hitting the ball right along and is up to the average in fielding.

While the Reds will likely land in third place, they will probably clear more money than any club in the major league organization, with Chicago second, says an exchange. It is estimated that the Red's net profits this season will be at least \$15,000. Messrs. Rensch and Rogers, owners of the Philadelphia club, will not reap a golden harvest of extraordinary proportions this season on account of the poor showing of the Phillies.

The first proclamation of the marriage of Mr. Edward Slattery, of Bourbon County, and Miss Katie Knox, of this city, was announced at St. Patrick's Church Sunday.

He is George Fleming, 40 years old, a
homeless German baker. He has been

FIVE ROUND FIGHT.

Steve O'Donnell Defeats Frank Slavina
Maspeth, L. I.

NEW YORK, Sept. 22.—Steve O'Don-
nell defeated Frank Slavina in the fifth
round at the Empire Athletic club in
Maspeth, L. I., last night. They met
for a 20-round bout. Slavina was a 2 to 1
favorite at first, but on a rumor that he
had injured himself while punching the
bag, these odds dropped and there
was fair betting at 7 to 5 in his favor.

When the men entered the ring both
looked to be in good condition and each
weighed about 182 pounds.

First round—Slavina led off with right
on body. Both exchanged lefts on neck.
In a clinch Slavina landed left on body
and O'Donnell sent a straight left on
face. Both men then roughed it and
fought wildly. O'Donnell assumed the
aggressive and landed his left twice in
quick succession on face. Then they
exchanged lefts on face and in breaking
away O'Donnell hit Slavina a hard
punch on the back which staggered
him. O'Donnell again landed with his
left twice on the face and had the better
of the round at the call of time.

Second round—Slavina was very awk-
ward, and O'Donnell got in left and
right on the head. Both men fought
rapidly, exchanging punches on head
and body. A hard right from O'Don-
nell made the blood flow from Slavina's
nose.

Third round—Slavina led off with left
on face, and both clinched. Slavina
landed left on neck and right on head.
O'Donnell jabbed left on face. They
exchange lefts on face and clinched.
When they broke O'Donnell came back
quickly with straight lefts on the face,
without a return.

Fourth round—Slavina opened with a
hard left on the face. He then went at
O'Donnell in a wild fashion, and the
fighting was of the give and take order.
O'Donnell then sent his right over on
the jaw and Slavina backed into his cor-
ner. O'Donnell smashed him right and
left, and the bell just saved a knockout.

Fifth round—O'Donnell went at his
man in slam-bang fashion, raining
blows on head and neck. Slavina fled
painfully around the ring, and Paddy
Cornan, his second, jumped through
the ropes to take him out, but the ref-
eree warned him back. Cornan then
said: "Frank is dead; there is no use
in his going on any longer." In the
meantime O'Donnell kept hammering
away with both fists and he soon had
Slavina's face pounded into a jelly. Two
heavy rights on the head and a left on
the neck sent Slavina against the ropes
in a helpless condition and then the ref-
eree pulled the men apart and stopped
the contest after the fifth round had
lasted one minute and 35 seconds. Ref-
eree Hurst awarded the fight to O'Don-
nell.

Slavina wants to meet O'Donnell again,
claiming that the injury to his back
caused defeat.

In the preliminary "Kid" Madden de-
feated Jack McKeek in 10 rounds, ban-
tain weights.

Dynamite Bombs Found in a Trunk.

CHICAGO, Sept. 22.—Joseph Bestman
left a trunk at 18 Ledwick Court for se-
curity. The trunk was opened and was
found to contain dynamite bombs, fuses
and fulminating caps galore. A mass
of correspondence signed by anarchists
was also found, giving the details of
various plots in the past. Bestman may
be arrested and is believed to be in Dal-
las. Spies, Parsons, Mrs. Lizzie Swank
and others wrote to Bestman.

Trying the Insanity Dodge.

COLUMBUS, Ind., Sept. 22.—Alex Bell,
in jail here on a charge of horsesteal-
ing, has escaped once and made four at-
tempts to escape. He is now trying to
work the insanity dodge. He locks and
unlocks his cell at will. He is a brother
to Badger Bell, who spent nine months
in making an excavation by which he
escaped from the Jeffersonville state
prison. Badger is still at liberty.

Gladness Comes

With a better understanding of the
transient nature of the many phys-
ical ills which vanish before proper ef-
forts—gentle efforts—pleasant efforts—
rightly directed. There is comfort in
the knowledge that so many forms of
sickness are not due to any actual dis-
ease, but simply to a constipated con-
dition of the system, which the pleasant
family laxative, Syrup of Figs, prompt-
ly removes. That is why it is the only
remedy with millions of families, and is
everywhere esteemed so highly by all
who value good health. Its beneficial
effects are due to the fact, that it is the
one remedy which promotes internal
cleanness, without debilitating the
organs on which it acts. It is therefore
all important, in order to get its ben-
eficial effects, to note when you pur-
chase, that you have the genuine article,
which is manufactured by the California
Fig Syrup Co. only, and sold by all re-
putable druggists.

If in the enjoyment of good health,
and the system is regular, then laxa-
tives or other remedies are not needed.
If afflicted with any actual disease, one
may be commended to the most skillful
physicians, but if in need of a laxative,
then one should have the best, and with
the well-informed everywhere, Syrup of
Figs stands highest and is most largely
used and gives most general satisfaction.
